ATTACHED SHEET

Newly submitted claims 8-12 directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: the invention originally claimed was drawn to a floor installation having a fasteners and flooring members while the new claims are drawn to a hole making apparatus that does not requires the fasteners or flooring members fastened as in the original claims.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 8-12 withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

As there are no claims for presented in proper form for examination this amendment is non-compliant.
